[DISPATCHES TO THE OREGONIAN.]

DATES TO SEPTEMBER 26

Washington Matters

WASHINGTON, Sept. 24.—General Butler, by counsel, has filed in the Supreme Court of Baltimore a plea in the cases of the Kimberly Bros. and Charles W. Whaley. He says he was not liable to be summoned being a member of Congress, and prays that the sheriff's return be set aside.

Commissioner Watson has issued instructions to J. H. A. Clark, the newly appointed Surveyor General of Utah, directing that officer to proceed to Denver and obtain possession of the original evidence of the survey in Utah, now in the possession of the Surveyor General at Denver, and repair to Salt Lake City, where the Secretary of the Interior has directed he shall establish his office.

Official dispatches from General Sheridan, received at the War Department, officially corroborate all the statements in former dispatches regarding Colonel Forsyth's fight with the Indians.

The Female Suffrage Movement

ST. LOUIS, Sept. 25.—The Executive Committee of the Female Suffrage Association held a meeting at Lawrence, Kansas, and issued a call for a mass convention at Topeka October 6th. It is believed that they intend to bring out a new candidate for Lieutenant Governor, not having faith in the present Republican candidate's views in regard to female enfranchisement. They will also bring out an opponent to Clarke, for Congress, on the same ground.

Democratic Rebellion in Missouri

ST. JOSEPH, Sept. 25.—The Ku Kluxes are at work in Buchanan county. Several of them tried to overawe a Justice who was about to try a case last Monday, and demanded that the papers in the case be withdrawn. They pressed their demands with revolvers. Several men came to the relief of the Justice, when the ruffians departed.

Miscellaneous

RICHMOND, Sept. 24.—Captain Schultz, formerly of the Federal army, blew his brains out this morning on the grounds of a citizen from whose employ he had been discharged.

ST. LOUIS, Sept. 25.—A Fort Dodge letter says that General Sully has had a fight with the Indians, and is pursuing them far south, even beyond the borders of Texas. He has had several fights, whipping them badly and killing and wounding seventy.

The Fort Wallace scouts who left Colonel Forsyth's camp on the 19th, came in to-day with reports that the party had plenty of ammunition and were in good spirits, though their rations were all gone, and they were dependent on horse and mule meat. Col. Forsyth said he thought he could sustain himself for six days longer if absolutely necessary. The Indians had seventy-five killed and a large number wounded.

BOSTON, Sept. 25.—It is reported that Cunard will shortly replace the European steamers lately withdrawn from the route between Boston and Liverpool.

WORCESTER, Mass., Sept. 25.—Silas and Charles James, who murdered Joseph G. Clarke in this city on the night of the 29th February last, were executed to-day. Both confessed to their guilt.

CHICAGO, Sept. 25.—Jackson, Michigan, specials report a desperate attempt to break jail by four prisoners. One of them was shot by the turnkey, two others are still at large. Ten others were in the hall, but their escape was prevented by the bravery of Mrs. Sanborn, the turnkey's wife.

A St. Paul special mentions a daring attempt at highway robbery near that city in broad daylight.

Robert Lincoln was married at Washington yesterday, to the daughter of Senator Harlan.

ST. LOUIS, Sept. 25.—Mr. Joseph W. McDowell, the distinguished surgeon, died to-day of congestive chills, aged 60 years.

DELAWARE, Penn., Sept. 25.—The Brainard House, in this place, was robbed this morning. Thos. Broadhead, proprietor, and his brother pursued and overtook the robbers, one of whom drew a pistol and killed Theodore and dangerously wounded the other. The murderers were captured this P. M. The Sheriff, with difficulty, prevented the people from lynching them.

NEW YORK, Sept. 25.—Advices from Mexico state that Gen. Canto has been arraigned for the murder of General Patoni. It is reported that he acted under private orders.

Stanton Makes a Great Speech for Grant and Colfax

CHICAGO, Sept. 26.—Hon. Edwin M. Stanton made a powerful political speech at Steubenville yesterday to a vast meeting in favor of Grant and Colfax. He eulogised Grant as the greatest commander in the world, and gave many interesting incidents during the war.

MARYLAND POLITICS

BALTIMORE, Sept. 25.—The Republicans of Maryland made the following Congressional nominations to-day: First District, Henry R. Abbott, of Cecil county; Second District, Jno. T. Ensor, of Baltimore county; Third District, General Adam King, of Baltimore City; Fourth District, Daniel Weisel; Fifth District, William Jaelert, of Baltimore county.

New York Items.

NEW YORK, Sept. 25.—The ship *Jacob Stamler* has arrived here with the passengers and crew rescued from the steamer *Melita*, whose destruction by fire was reported by the cable.

Rollins, on an alleged charge of conspiracy, was up again to-day. Nothing of importance was elicited.

The Labor Congress to-day was occupied with a discussion of the platform offered at last evening's session. After considerable discussion the clause deprecating strikes was stricken out. Exception was taken to the financial plank in the platform, and the monetary system was discussed until the adjournment. The discussion was resumed in the afternoon session. Finally the resolution was adopted recognizing the right of working men and working women of the nation to strike when all other just and equitable concessions are refused.

NEW YORK, Sept. 26.—Suit has been instituted in the United States District Commissioner's office in the Southern District of New York, by Messrs. Cushing, of Newburyport, Mass., against John Laird, of Birkenhead, England, for loss sustained by them by the burning of their ship *Sonora* in the Straits of Malacca in December, 1863, by the *Alabama*, which libellants say was built and fitted out in direct violation of the laws of England by Laird, and attachment has been issued against funds owned by Laird and supposed to be deposited in the United States sub-treasury in this city.

It appears that the fire on board the steamer *Melita* broke out in the hold seven days out from Boston, and eight hours before she fell in with the *Jacob A. Stamler*. Owing to the nature of the cargo, which consisted of common tobacco, the fire resisted the effort to subdue it. The flames were supposed to be smouldering in the hold some days before it burned through the deck. The *Stamler* remained for 24 hours and took off the crew and passengers, 108 in number, 17 of whom she put on board of the bark *Mongonah* for Liverpool and 13 on the *Kurracheer* for Greenock. The steamer arrived here with the remainder yesterday.

Binckley is still in city as sanguine as ever in the prosecution which he has begun against one of the most glaring frauds of the 19th century, and which will result in the complete overthrow of the whisky ring and the punishment of its most prominent members.

Southern States.

NEW ORLEANS, Sept. 25.—The negro contestant of Reuben White, Senator elect from the Caddo district, was admitted yesterday, White being declared ineligible.

Registration was opened to-day. Intense excitement was occasioned by the refusal of registration to foreigners naturalized in the Fifth and Sixth districts, on the ground that their naturalization was illegal. The decision was sustained by the Chairman of the Board of Registration.

Armed negroes and a white man had an affray in the French Market this morning. One negro was killed. The white man escaped, but will probably be arrested to-night.

Gov. Warmouth issued a proclamation this evening calling on the citizens to remain at home and refrain from exciting acts of commotion. He is assisting with all his ability the civil authorities to suppress any difficulty that may arise, and arrest the offenders. If necessary, they will be supported by the military. He also calls upon all political clubs to abstain from any demonstration at present.

A bill was introduced in the Senate to-day, amending the registration so as to require the oath prescribed by the State Constitution to be administered, and further defining the powers of Registrars and Supervisors. It passed two readings, and was made the special order of Monday next. It was stated in the Senate that Registrars had arrogated the right of supplement to the Registration Law, by adding provisions which the Senate had rejected. A committee of two was appointed.

O. Fredike, a Democratic member of the State Registration Board, entered several protests against the action of the majority in adopting rules against the Constitution and laws of the State.

ATLANTA, Sept. 25.—A bill to organize and call into the service the State militia has been defeated in both houses.

The House resolution to adjourn on the 6th of October was agreed to by the Senate.

NASHVILLE, Sept. 25.—The exciting canvass for Mayor between Alden, present Mayor, and Thorleg, moderate Republican, culminated to-night in a riot. Both parties were holding public meetings when a disturbance took place. One thousand shots were fired, exclusively by negroes, but only four persons were wounded. The crowd was finally dispersed by the Federal troops.

MONTGOMERY, Sept. 25.—The Legislature will probably take no action relative to the election of Presidential Electors until the return of the commission sent to Washington to ask for troops. The memorial adopted by the Legislature alleges that there is really no respect manifested for the laws in the State and that civil officers are prevented from discharging their duties by threats from the people.

A large meeting was held here to-night. It adopted resolutions declaring that the State is peaceable and denouncing the statements contained in the memorial as untrue in every particular, and denounces the Legislators for misrepresenting the people.

CHICAGO, Sept. 25.—The *Republican's* Washington special gives a synopsis of the report of Maj. O. H. ... and Subassistant Commissioner of the Freedmen ... relative to the recent riot at Camilla. The Major relates the circumstances ... already published. He says that he had much difficulty in restraining the Freedmen, who were much excited and desired to go to Camilla to the rescue of the Republicans at that place. He counselled them to remain quiet, promising them that the affair should be investigated and that if any great wrong was done it should be remedied. They went away apparently satisfied. The Major forwarded a partial list of the killed and wounded, numbering 34, all of whom were Freedmen except three. Pierce, candidate for Congress, was not hurt.

PARIS, Sept. 24.—The report that the Queen of Spain had crossed the frontier into France is premature. She still remains at San Sebastian, but it is rumored she will soon leave for Pau ... of the deputies. The French authorities have banished a number of refugees who crossed the frontier. It is reported that Lieutenant General Mendo..., Captain General of Valencia, was assailed by a mob and killed, his body being dragged through the streets of the city.

The effort to destroy the Government is confined to the Provinces of Saborider and the cities of Malaga and Seville.

Letters from Cadiz say the citizens there have taken no part in the rebellion, and business has not been interrupted.

PARIS, Sept. 25.—The *Moniteur* announces officially that the Government concession lately granted in favor of Erlanger & Reuter, of the French and American Telegraph Company, authorizing them to lay a submarine telegraph cable between France and America under certain reserved conditions, has become definitely fixed and complete. The capital is to amount to twenty-seven and a half million francs, the main portion having been subscribed for the undertaking.

La France, a Government organ, says the rights gained by the United States in the treaty with Nicaragua are also gained by France and England by the stipulation of the treaty of 1860.

The *Moniteur* says General Parva, commanding the Royal troops in Spain, is massing a force to attack Seville.

LONDON, Sept. 26.—The following is the latest from Spain: The Government at Madrid has declared all Spain in a state of siege. General Caden had been sent out with a detachment of royal troops against the province of Santander, which joined the insurgents. A desperate affray took place at Santander between the opposing parties, in which several persons were injured. Reports say that General Prim is marching directly on Madrid. It is reiterated that he is accompanied by General Senard and Duke De La Torre. It is estimated that the force under his command is now two hundred thousand strong. The Duke De La Torre is acting as Provisional President and civil head of the revolution, and has refused offers of accommodation made by General Concha from Madrid. The Spanish ships of war in the port of San Sebastian have declared against the Queen and joined the rebel fleet, and the revolutionary ...ists have issued a decree declaring that any officer who orders an attack on the people or patriot soldiers shall be adjudged a traitor to his country.

Minister Johnson visited the Leeds Exhibition yesterday. He also paid a tribute to the British army and Lord Napier, whose name he said was a household word in America, for his courage and humanity in the Abyssinian war.

Buenos Ayres dates state that the new President, Sarmiento, has been installed.

STATE ITEMS.

The State Agricultural Society have provided two sprinklers with which they will dampen the road between Salem and the Fair Grounds during the Fair.

The Salem paper of Friday says Mr. Burrage yesterday commenced setting grade stakes for the railroad up Mill Creek bottom, and in a few days a force of hands will be put at grading.

A few days ago Thomas L. Yantis, of Linn county, met his death under the following circumstances: He was going to shoot a crippled horse, and in examining the gun to see if it was loaded, it accidentally was discharged, the ball entering his brain, causing almost instant death.

The *Unionist* says the Wallamet Woolen Manufacturing Company are so overrun with business that they are not able to fill their orders. They are constantly crowded, and consequently they keep the mill running night and day. The Oregon City mills, and others in this State, are also crowded.

Says the illustrious editor of the mighty Lafayette *Courier*: "Horace Greeley has all his 'pile' in non-taxable bonds. That accounts for his attack upon our articles on the bond question some months ago. Oh! Jasper! Jasper!! Jasper!!! Please now don't come back on Greeley and demolish him!"

"Observer," writing from Yaquina Bay to the Corvallis paper, says: The fire in the mountains is more alarming than two weeks since. The Indians are all quiet—but how long they will remain so will depend on certain contingencies. Rev. Mr. Jones has cast his lot among us poor sinners. We hope he will do well. The Elk City bridge is finished. It is one of the finest bridges in the State.

The Benton county paper says: Within the past two years Corvallis and the entire county has taken a forward movement. The breadth of acres sown to grain, and the price of land has greatly increased. Prosperity and thrift is everywhere apparent. The population of the county is about 6,000, and that of Corvallis about 600 or 700. The total taxable property last year was $1,100,000. Our taxes, State, county and school, were 1½ mills on the dollar.

The *Unionist* says the east side company have a new map showing the location of their railroad. "The road commences at Portland, crosses the Wallamet at that place, running through Canemah, through Marion county west of Aurora, then through Salem, then crossing the Santiam at Jefferson, by Knox's Butte, through Albany. At this place the road divides, the east trunk running by and crossing the river a short distance above Harrisburg and connecting with the west side trunk about two miles above Monroe. Thence, as one road, to Eugene City."

A correspondent of the *Unionist* writes from Grand Ronde: While Messrs. Sargeant, Ewing and others were en route, last week, for the mouth of Salmon river, they were attacked by a large panther. Its first effort was to spring upon a boy ... who had gone back for a package ... [illegible] ... reached them just in time to save them. The beast then tried to spring upon a young man, running him for some distance. After this ... several efforts ... [illegible] ... prevented by the efficient use of a wagon whip. There was a dog in the company, which attacked the panther. The beast finally sprung up a tree and was shot.

Stout Rises to Explain

Though Mr Stout took the pains on Saturday night to discuss before a small audience the doings of himself and his political associates at the Capital he evidently expected nobody to believe the major part of his statements Had he intended that what he said should receive credit (we beg the *Herald* to believe that no allusion to private affairs is intended in this remark about credit) he would have thrown in some grains of truth to [illegible] upon the unleavened mass of misstatements of which his discourse was made up He attempted to tell why one of the Senators from this county was drawn out and himself thrust in, but he omitted the only material point in the whole case which needed explanation, viz If there was to be any drawing of lots to more nearly equalize the two classes of Senators, why were not the Senators from the eastern counties who were added at the same time and by the same act which gave Multnomah an additional Senator, included in the list of those who were to be divided by allotment? Why was the drawing restricted to Multnomah county, and why was this county disfranchised until such time as the majority should get ready to draw Mr Dolph out? This is a point which Mr Stout did not attempt to explain Nor will he ever undertake to clear it up, for the simple reason that he can t do it He can frame no argument to justify what he and his friends have done Had the allotment included all the new Senators and the short term fallen to one of the Senators from this county, then nobody would have complained But managed as it was, it was a gross and utterly indefensible outrage. When its authors talk about it they always avoid the only point which it is material to consider or explain

Seconding the efforts of the more distinguished gentleman from Wasco, Mr Stout [illegible] proceeded to make a raid on that part of the Constitution of the United States known as the fourteenth amendment He declared that it was got through the Oregon Legislature by fraud and went over again the Democratic version of the Grant county cases of [illegible] years ago. We have already shown that after the Republican members from Grant [illegible] and the Democratic contestants [illegible] the House refused, when every [illegible] of both parties was present to pronounce the ratification fraudulent, but declared that it was valid and should stand Stout knows this as well as anybody, unless indeed he is still a "Know *Nothing*" The Republicans had an undisputed majority in the Senate, and had a majority of one in the House after the Grant county cases were settled. It is true that one Republican member (Lockhart of Coos) did not vote in the first instance for ratification, but he was elected to vote for it, and would have done so had his vote been necessary to carry the [illegible]. Accordingly, when Humason [illegible] to get the ratification rescinded Lockhart voted against the proposition The Republicans thus had a clear majority in [illegible] of the Legislature in favor of the [illegible] Whoever states the contrary, states what the people know to be false At [illegible] the Republicans had a majority in the State; their whole State ticket had been triumphantly elected, and they were entitled to a ratification of the amendment And they would have a large majority in the State at this moment were it not for the [illegible] of some thousands of rebel soldiers, [illegible], bush-whackers and murderers [illegible] the Democratic vote One-third of the Democratic voters of Oregon have no right to be consulted about changing the Constitution, or on any other political matter [illegible] arms against the country, they should have no political privileges whatever Mr Stout further alleged that the "Grant [illegible]" was the means of electing a Republican United States Senator two years ago. This, like the other statement, of course [illegible] to believe The Grant county cases were settled on the 22d of September and Senator Corbett was elected on [illegible] The Democratic members from [illegible] in their seats and voted against him After the Legislature had been thoroughly purged of illegal members,'—to use a Democratic phrase,—Corbett was elected, receiving 38 votes to 31 for all others [illegible] only vote for Corbett which the Democrats [illegible] was illegal was that of Stearns of [illegible] and had he been out and Dribbles [illegible] the vote would have stood 37 Republicans to 32 Democrats What object then, has [illegible] in a public speech that Senator Corbett was elected by means of the "Grant county fraud?" What object unless to show that his own word is not in any case [illegible], and to [illegible] against himself all that the bitterest [illegible] could allege [illegible] him? People can judge for themselves of the worthiness of such a man and the [illegible]

The Vigor of the Country

Democratic wiseacres are continually demanding to be told why it is that the country which was ruled so long by their party grew [illegible] great " How the nation [illegible] Democratic rule '' exclaim [illegible] philosophers, and when they have [illegible] wisdom they suppose it quite un[illegible] Now this country is young and [illegible] Like a young man of excellent [illegible] it has stood, and can yet stand, a good deal of harsh usage, without showing [illegible] of decrepitude and decay This is why [illegible] along so well as it has under Democratic [illegible], stupidity and ignorance [illegible] young fellows frequently boast that they have indulged in all manner of dissipation with impunity and infer from this fact that [illegible] is not hurtful but, on the whole, [illegible] In the same way, the [illegible] has contrived to get on under heavy [illegible] of Democratic policy, but that is due, not to the policy, but to the inherent vitality of the people which has opposed comparatively successful resistance to mistaken unwise and damaging Democratic doctrines and practice

Probably the dirtiest blackguard who ever attempted to make a speech in Portland was a fellow from Idaho, who spoke at the Democratic meeting on Saturday night [illegible] scurrility and blasphemy his harangue has never been equalled in Oregon Such a speaker would disgrace any party except the one in whose behalf his vile language was uttered

LETTERS FROM THE CAPITAL

SALEM Saturday Sept 26 1868

Both houses of the Legislature adjourned yesterday noon till Tuesday—the Senate till 10 A M and the House till 2 P M The only occasion for the adjournment was that some of the Democratic members wanted to go to the Scio Democratic drunk others to the Portland drunk of this evening while a few of the members, strictly neutral on the drunk question wanted to go home and see their wives and babies The crowd for Portland left about 2 o clock yesterday afternoon under the general direction of Dr [illegible] as Marshal and Purveyor While the passengers were waiting for everything to be got in readiness for a start there was a good deal of merriment of one sort or another excited by allusions to shepherd purps and the various objects which divers individuals had in going down to Portland The pilgrims for Scio did not leave till this morning when quite a number of the more intense Democrats left at an early hour I have heard that Rev Joseph was invited to go up and exhort the brethren, but he declined

The political prospects cast not furnishing much consolation to the pilgrims they took a plenty of it along in black bottles The halls and the town are nearly deserted of members to day and the few left wander or stand or sit around looking listless and bored The whisky mills are doing a smaller business than upon any day for two weeks, and the city seems restored to something like its accustomed sober and quiet appearance

PREPARATIONS FOR THE FAIR

There are already a few arrivals of people who come to attend the State Fair There are also a few horses and other animals on the fair ground The chief activity is among the people who are preparing eating and trading booths shanties and tents for shows, etc The pavilion and grounds are I believe very nearly in readiness The Society have undertaken to lay the dust at the grounds and along the road to the city Two or three sprinklers began work yesterday morning, and I believe have been going ever since They are wetting down two tracks the entire distance Already they have done so much that there is little dust flying on either of the tracks and it is demonstrated that the sprinklers will be a gushing success

THE PROCEEDINGS OF FRIDAY

The Speaker of the House announced as the standing committee on Railroads, Messrs Ballinger, Chapman Louden, Oazley and Bonsall Col Chapman declined to serve and Mr Scoggin was put on, instead The Colonel after introducing the memorial and making a decided splurge on the Railroad question, probably felt that he had received very slight acknowledgments of his services and influence, in being put second upon the committee I do not know that he had any feeling in regard to the matter but I do know that he is a little sensitive about the appreciation in which he is held and that he has all along had an ambition—a laudable one—to occupy the leading position in the Legislature and before the country on the railroad question My theory about his declination to serve on the committee is that he would be the railroad Cæsar or nothing It was a little rough to pass over his experienced age, ability, and his knowledge of railroad matters, and to light up the youthful Bellinger as chairman of so important and so unpretending a committee

Messrs. Waymire Powell and Applegate were announced as the Committee on Public Buildings

Gray of Grant presented a petition for a law to tax Chinamen for school purposes

Col Chapman presented the report of the [illegible] Commissioners

Bryant of Linn gave notice of a bill to enforce the constitutional provision for the exclusion from the State of negroes

OATH OF ALLEGIANCE

Mr Oazley s bill to repeal sections of the statute prescribing the oath of allegiance in certain cases was debated by several of the members and was finally passed by ayes 32 nays 11 Messrs Bezley, Pinck and Monte of the Republican members favored the repeal, while Rex Democrat, opposed it. The speeches were mostly about and of a partisan character and some bitterness of feeling was exhibited There was nothing said however by way of argument but what has been said hundreds of times before, and a report of the debate would be wholly uninteresting Mr Waymire cut the discussion short by moving the previous question, much to the disgust of two or three ambitious young members who were anxious to deliver legislative denunciations upon the oath Mr Waymire stands in some danger of being attacked by some of these young fellows for being altogether too tight with his check rein They are already grumbling audibly that he is a little too dictatorial and assumes a too unqualified leadership They have a notion that they can do some thing themselves in the way of leading I commend them to the perusal of the classic history of a chap who thought he could beat his old governor all hollow, in driving a somewhat peculiar chariot, but who came to much grief before the sun set I do not think Mr Waymire stands in much danger of losing his secondary sort of leadership of the Democratic side of the house on most questions where he cares to exert it

IN THE SENATE

Mr Ison presented a resolution in relation to the taxation of Oregon property temporarily in Idaho The Idahoans have a fashion of taxing all the property they find in the Territory and in his way they often light upon the owners of a pack train or of teams owned in Oregon and only taken into Idaho for the purpose of transporting merchandise thither with the intention of leaving again immediately It is taxation of property in transitu, which has already paid tax in another State and is therefore unjust and oppressive To induce the Legislature of Idaho to forego this tax is the purpose of Mr Ison s resolution.

The bill to submit to the people of Douglas county the question of a division of the county was passed

The rest of the forenoon was spent in consideration of amendments to various bills

ORPHAN S AID SOCIETY FAIR

The ladies of the Orphans' Aid Society gave a splendid fair in this city on Thursday and Friday evenings, in Stewart s new brick block, They occupied one of the spacious lower rooms with the goods contributed for sale and the other room with the long tables upon which refreshments were served There were a great number and variety of contributions —some of them valuable—from all parts of the State and several from Washington Territory though by far the greater portion of them were furnished by the ladies of Salem The attendance of visitors on both evenings was very large and the success of the fair was most gratifying to all concerned The receipts fell but little short of $600 There is a mistaken impression in certain quarters that the enterprise of establishing an orphan asylum, is local in character—that it belongs to Salem This is by no means so It will be located at Salem, because the enterprise had its inception here The lands for the site were donated by Mrs J L Parrish and she and as noble a band of women as any State can boast have given time, money and unwearied labor to bringing the asylum forward It is gratifying to know that every indication is in favor of their success When completed, the asylum will be open alike to the homeless and helpless little ones of all the State who but for human charity would have only the Father to feed and clothe and care for them

The *Herald* publishes an editorial to show that Grant intends to withdraw from the canvass We beg that highly intelligent newspaper to give itself no uneasiness on that score The dodges of declining has been entirely played out by the crafty Horatio ' Your candidate I cannot be,' said Horatio, ' I shall be dishonored if I accept the nomination,"—and the next moment he took it These tactics are Seymour's, not Grant's Grant took the nomination when it was offered him, and he proposes to continue his movement on the enemy s works till November when he will bag the whole crowd and have another Democratic army to release on parole

One of the Democratic organs says that about 300 men, headed by a band, marched to Stout s residence on Saturday night It does not inform us, however, whether the U S Collector or Marshall were along to look after the interests of the United States On the whole we should think the number mentioned (300) entirely too small an estimate of the size of the party Surely all who were directly interested in the statement of the organ' that the gentleman s income exceeds that of any Republican lawyer in the State could not have been present either in person or by [illegible]

John P Shaw a life long Democrat of Greencastle, Indiana, in a letter published in the Putnam *Banner*, comes out for Grant and Colfax

Butcher Forrest

AN INTERVIEW AND FREE TALK—HALF A MILLION KU KLUX IN THE SOUTH—THE BUTCHER FOR ANOTHER CIVIL WAR

[Special Correspondence Cincinnati Commercial]

MEMPHIS, Tenn, Aug 28 1868

To day I have enjoyed "big talks enough to have gratified any of the famous Indian chiefs who have been treating with General Sherman for the past two years First I met General N B Forrest then General Gideon J Pillow and then ex-Governor Isham G Harris My first visit was to General Forrest whom I found at his office at 8 o clock this morning hard at work although complaining of an illness contracted at the New York Convention

After being seated in his office I said

General Forrest I came especially to learn your views in regard to the condition of your civil and political affairs in the State of Tennessee and the South generally I desire them for publication in the Cincinnati *Commercial* I do not wish to misrepresent you in the slightest degree and therefore only ask for such views as you are willing I should publish '

' I have not now, he replied "and never have had any opinion on any public or political subject which I would object to having published I mean what I say honestly and earnestly, and only object to being misrepresented I dislike to be placed before the country in a false position especially as I have not sought the reputation which I have gained

I replied "Sir, I will publish only what you say and then you cannot possibly be misrepresented Our people desire to know your feeling toward the General Government the State Government of Tennessee, the Radical party both in and out of the State, and upon the question of negro suffrage '

' Well sir said he, "when I surrendered my seven thousand men in 1865 I accepted a parole honestly and have observed it faithfully up to to day I have counseled peace in every speech I have made I have advised my people to submit to the laws of the State oppressive as they are, and unconstitutional as I believe them to be I was paroled and not pardoned until the issuance of the last proclamation of general amnesty and therefore did not think it prudent for me to take any active part until the oppression of my people became so great that they could not endure it and then I would be with them My friends thought differently and sent me to New York and I am glad I went there '

What are your feelings toward the Federal government General?'

' I loved the old Government in 1861, I love the old Constitution yet I think it the best Government in the world if administered as before the war I do not hate it I am opposing now only the Radical revolutionists who are trying to destroy it I believe that party to be composed, as I know it is in Tennessee of the worst men on God s earth —men who would hesitate at no crime and who have only one object in view to enrich themselves

In the event of Governor Brownlow s calling out the militia do you you think there will be any resistance offered to their acts?' I asked

That will depend upon circumstances If the militia are simply called out and do not interfere with or molest any one I do not think there will be any fight If, on the contrary they do what I believe they will do, commit outrages, or even one outrage upon the people *they and Mr Brownlow s government will be swept out of existence not a Radical will be left alive* If the militia are called out we cannot but look upon it as a declaration of war because Mr Brownlow has already issued his proclamation, directing them to shoot down the Ku Klux wherever they find them and he calls all Southern men Ku Klux

Why General we people up North have regarded the Ku Klux Klan as an organization which existed only in the frightened imaginations of a few politicians '

Well sir, there is such an organization not only in Tennessee but all over the South, and its numbers have not been exaggerated

What are its numbers General?'

' *In Tennessee there are over forty thousand in all the Southern States they number about 550 000 men* "

But is the organization connected throughout the State?

Yes it is In each voting precinct there is a Captain who in addition to his other duties is required to make out a list of names of men in his precinct, giving all the Radicals and all the Democrats who are positively known, and showing also the doubtful on both sides and of both colors This list of names is forwarded to the Grand Commander of the State who is thus enabled to know who are our friends and who are not "

Can you, or are you at liberty to give me the name of the commanding officer of this State?

' No it would be impolitic '

" Then I suppose that there can be no doubt of a conflict if the militia interfere with the people is that your view ' '

Yes sir if they attempt to carry out Governor Brownlow s proclamation by shooting down Ku Klux for he calls Southern men Ku Klux—if they go to hunting down and shooting these men there will be war and a bloodier one than we have ever witnessed I have told these Radicals here what they might expect in such an event I have no powder to burn killing negroes I have told them that they were trying to create a disturbance and then slip out and leave the consequences to fall upon the negro, but they can t do it Their houses are picketed, and when the fight comes not one of them would ever get out of this town alive We don't intend they shall ever get out of the country If the militia attack us we will resist to the last and if necessary *I think I could raise forty thousand men in five days ready for the field* '"

FRANK BLAIR ON HIS PARTY.—On the 3d February 1859, in a speech at Concord, N H Frank Blair gave his opinion of the party he is now training with, as follows "Who was the father of the present Democratic party? A man who, if he had persisted in his course three hours longer, Old Hickory would have hung on the nearest tree in Washington It was John C Calhoun You well recollect that the Senate and House were both strongly Democratic when he brought forth the resolutions in the Senate declaring slavery protected in the Territories by the Constitution of the United States You know then he was booted out of a Democratic Senate But those who were then so reluctant to sanction this principle have been manipulated until they have fallen in The old Jefferson and Jackson principles have been abandoned, and the man who did not escape the rope by three hours is the author of all to which the Democratic party of the present day subscribes ''

At a Seymour and Blair rally at Jackson, Miss, on the 25th of August, the bill gave notice " Front seats reserved for Freedmen!" Just think how that sounds, will you? ' Niggers' take front seats at Democratic gathering in Mississippi, but Democrats in Oregon call them ' brutes,' "apes' and ' baboons " who are unfit to touch the ballot in any way Followers of Rev Joseph Smith, what do you think of the nigger associating Copperheads at the South? Is this a white man's Government? " How would you like to have your sister marry a nigger?"

Were we printing an obscene Democratic sheet like the *Herald* for instance, we should not omit to publish a synopsis of the speech delivered by Burmester at the Democratic street meeting on Saturday night But as we print a respectable newspaper no single expression which he uttered would be fit for our columns The speech was worse than that delectable *morceau* which some Copperhead invented and which the *Herald* so eagerly printed and tried to palm off as speech of Gov Oglesby s Burmester is an ornament to his party

It is worthy of remark that at the last meeting of the City Council the organ of the " retrenchers was paid $207 50 for printing—thus getting at one grab, half as much as the printing cost for a whole year before this species of retrenchment was adopted The " retrenchment ' effected on the city printing has cost the tax payers about $2 000 extra during the last eighteen months, and it still goes on

A new Democratic paper has recently been started at Corinth Mississippi The editor is the rebel Colonel Taylor He ornaments his paper with the stars and bars of the defunct Confederacy thus showing under what flag Seymour and Blair are sailing at the South The emblem is exceedingly appropriate

It is ascertained that the organization in Indiana known as the 'White Boys in Blue ' claiming to be an organization of soldiers supporting Seymour and Blair is a branch of the Ku Klux Klan

WASHINGTON, Sept 26 —A delegation of the Alabama Legislature have arrived They neglected to bring an authorized copy of the resolution under which they act and will await its arrival before officially visiting the President Governor Smith accompanies the delegation by request of the Legislature He does not fully sympathize with the Legislature in asking for troops and expresses confidence in his own ability to maintain the peace of the State The people desire peace He has the assurance of men of both parties of support in his efforts Except in one or two localities there are no indications of a disposition to resist any legitimate officer in the discharge of his duty The Governor is apprehensive that during the excitement of the coming election imprudent parties may commit acts which will lead to new disturbances or lessen the [illegible] he assures [illegible] while President that they will be put down by the Federal authorities Beyond this assistance Governor Smith is inclined to think that no Federal interference is necessary at present

The New York Herald's Predictions

[From the Oregon Herald [illegible]]

The New York *Herald* serves as a political weathercock to indicate the direction of the popular breeze It does not now hesitate to admit that the prospect in favor of the election of Seymour has a large per cent advantage over that of Grant.

[From the Herald August 2

The Radicals are taking much comfort to themselves from the predictions of the New York *Herald* that Seymour will be defeated The predictions of the *Herald* like the estimates of the *Tribune* have been only remarkable for their uniform failure the only value which they possess as prophecies is to indicate the reverse of what they predict The *Herald* has successively predicted the defeat of every successful candidate for the last twenty four years

Satisfied with this explanation we wish Beriah joy of the recent prophecies of the New York *Herald* He now lays great stress on Bennett s predictions, but it s only a month, a little month, since he told us that they indicated the reverse of what they declared Poor Beriah can't remember what he says from one month to another

The *Herald* labors with great anxiety and earnestness to prove that Democrats are not all rebels But where is there a rebel who is not now a Democrat and working hard for Seymour and Blair? No man can name but one exception and that one is ex Gov Brown, of Georgia He stands a solitary example of a rebel who has renounced his errors and become a Republican

Mr Garfielde on reaching this city on Saturday afternoon and learning of the appointment of a Democratic meeting for that evening, declined to speak at that time but will return from Salem and speak here on Wednesday evening An able address may be expected as Mr Garfielde has few superiors as a speaker anywhere

Dispatches from the South teem with accounts of rebel outrages So long as there are the least signs of Democratic ascendancy in a majority of the States of the Union or any part of them, so long will innocent people be murdered by the Ku Klux Klan in the South Whenever Democracy is completely overthrown the Ku Klux murderers will cease to exist

When you meet with one of these [illegible] patriots from Missouri, who carried a musket in Pap Price's ranks put him down as [illegible] and Blair [illegible] all that he [illegible] he will vote as he fought [illegible] for Grant

A Kentucky girl who married a fellow of mean reputation was taken to task for it by her uncle I know uncle she replied 'that Joe is not good for much but he said I dared not have him and I won't take a stump from anybody

During the fiscal year ending June 30th 1869 under the Democratic administration of James Buchanan, the expense of the Government amounted to $83 751 511 57 This, it will be remembered, was in a time of peace

IT IS AN INVARIABLE LAW OF NATURE, that every human being shall do those acts which he thinks will secure good to him, and that he shall avoid those acts which may occasion a loss to him or the family he is a member of In conformity with that law it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of The fair sex who certainly are always most happy to comply with all things beneficial to themselves and families should not fail to examine the fine and extensive stock of Kohn & Fishel and they will confess their stock of Dry Goods to be of superior quality and at figures below other houses Men, more [illegible] and less calculating than our fair ladies should be reminded that Kohn & Fishel indeed are the leaders of fashion, the lowest in price and no man should wear clothes unless they are purchased at Kohn & Fishel s No 91 Front street

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE GREEN COFFEE of the best qualities CREAM OF TARTAR and SPICES of all sorts.

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price excites the cupidity of some manufacturers and every day he sees increasing the number of those who by counterfeit or imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned and placed on their guard against this practice

A Text Expounded

The following is what the Democratic party in their platform first of all demand

"First Immediate restoration of all the States to their rights in the Union under the Constitution and of civil government to the American people"

It sounds well but before going on, it there are reasons for wishing to know exactly what in the Democratic view is reconstruction? What are the rights of the States? What do they understand by civil government?

For while the Democratic party in New York were making this platform and demanding "immediate restoration" the Democratic party in Congress was working unanimously to defeat the bill for restoring the rebel States. It is clear therefore, that they do not mean by "restoration" the same thing that the people mean by it

The difficulty seems to be satisfactorily met by the comments of the Democratic leaders. The kind of restoration they demand is thus described by Frank P Blair their candidate for Vice-President in the letter which he wrote for the Convention

"We must have a President who will execute the will of the people by trampling into dust the usurpations of Congress known as the reconstruction acts

But how to get a President who will disperse and overthrow Congress is a previous question. This is answered by Mr Wade Hampton, who declared at the ratification meeting in this city on Thursday last that his party must seize the polls in the South and have the white vote cast alone He declared:

"I want you all to register an oath that when they do vote their vote shall be counted and if there is a majority of white votes that you will place Seymour and Blair in the White House in spite of all the bayonets that shall be brought against them

Of course he means that the mob thus to be raised shall decide who has a majority of white votes!

But this language was evidently carefully adapted to the latitude and to the somewhat sensitive ears of Governor Seymour's "friends" Mob law has its charms for them but they do not like secession But when the delegates get to Richmond they tell the people more plainly what they mean

Thus, Ex-Confederate Governor Vance, of North Carolina, there said "he could talk more familiarly of the wrongs of the South here than at the North" Accordingly he declared himself still "a rebel," and argued at length that "what the Confederacy fought for would be won by the election of Seymour and Blair"

Indeed, in the Richmond atmosphere there is a disposition to simplify the canvass to this one issue—Seymour and the rebellion against Grant and the Union. Thus, Ex Governor Wise, in his eloquent way reasoned that since the candidates were acceptable to the rebels, the platform was of no account at all.

"He did not care for the platform, It told a lie in its first resolution. It said secession was dead, that was not so, secession was more alive than ever He supported the nominees, and especially Blair, because he had declared that he would assume military power."

Now Mr. Buckalew, Senator from Pennsylvania, meekly denounces Mr Blair and his letter, and protests that the Democratic party does not, and cannot, mean to sustain him and to make war against the southern State governments and against Congress Mr Buckalew is wrong He stands entirely alone and must either retract all this and adopt Blair and anarchy, or leave his party

That party deliberately oppose the whole process of legal reconstruction They demand "immediate restoration" instead Mr Blair alone points out a means of accomplishing this, and so make the platform practical He did it in a letter which presented this as his claim to a nomination, and the party nominated him at once His interpretation of its doctrines is sustained, clearly and emphatically, in New York, in the presence of the Convention itself, and by Democratic speakers throughout the country

Nor is the Democratic platform itself without a very plain declaration on this point, or, at least, one that seems meant to be plain the style of the whole document being so loose ungrammatical, and extravagant that there are few sentences in it which are really intelligible throughout It declares

"We regard the reconstruction acts (so called) of Congress, as such, as usurpation and unconstitutional, revolutionary and void."

Now, the phrase "acts, so called, of Congress, as such," may mean much or little Perhaps the writer wanted to hint that the body now acting "as such" is not really a Congress, since those bright lights of Democracy—J Davis, Toombs, and Rhett—have left it. But however this may be, there is no doubt that the sentence is a direct approval of Mr Blair's letter

If the acts by which Congress has reconstructed the Southern States are unconstitutional, revolutionary and void it is surely not the duty of the president to obey and enforce them. What can he do but disperse the State governments, and "trample under foot" Congress itself, as Mr Blair declares it his purpose to do?

If there be any men of peace among the Democrats, like Mr Buckalew—any men of thought or of patriotism who are not ready to fight for the Confederacy under a changed name—the party will doubtless quietly let them leave it, rather than abate one jot of its revolutionary doctrine —*New York Evening Post.*

Political News.

[From the Chicago Post, Sept 9.]

The question of finance plays only a secondary part in the canvass. The issues are made by the Republicans, who quote the action of the Tammany Hall Convention, its make up, and the subsequent speeches of the rebel leaders through the South. Blair's Broadhead letter, the raid upon Seymour and Blair by Colonel Brown, the Chase delegate from Kentucky, the Pierce letter showing why Hendricks was hamstrung are all being sown broadcast. The Democracy are thus again thrown upon the defensive, and the issues are nearly the same as those upon which they have been so frequently overwhelmed by defeat.

The dominant party in Maryland is just now a seething cauldron, boiling with discontent Swann's party has split off, and the New York Sun thinks the split strong enough to give the State to Grant and Colfax, if it forms a union with the Republicans Swann did not get the nomination for Congress in Winter Davis old district, but a man named Duncan McPherson did, who accepted his honors with a raving speech against Seward and Grant and swore he could with one hundred Southerners whip Grant and two hundred Northerners in a fisticuff fight All over the State the leading Swann men are organizing for Grant

There is a Democratic split in the First Congressional District of New York. One faction have nominated Erastus Brooks brother of James Brooks, Congressman, while the others adhere to Stephen Taber, the present incumbent How the split will result is a matter of uncertainty If Taber, a Republican will represent the district which would be an improvement.

The Springfield (Ill) *Journal* says that Mr Pendleton is very much chagrined at McClernand's publication of his private dispatch about the condition of the canvass in Ohio He has sent, it is said, a stinging rebuke to that gentleman for his stupidity in allowing his telegram to get into the newspapers—a thing which he never contemplated, and which has already had a most depressing effect upon the already desperate "condition" of the Ohio Democracy Mr George Shott was immediately sent on as a special convoy to make the necessary explanations and apologies to Mr Pendleton, and thereupon, in order as far as possible to repair damages he finally consented, under a sort of protest, to come to Illinois.

A Philadelphia correspondent of the New York Sun writes that the canvass in Pennsylvania has been conducted so far very quietly on both sides Probably no Presidential contest was ever so near its end with so little activity in the State The Republicans are sure they lost the State last year necessarily by reason of taking little or no effort to get out their vote and so their State Central Committee have been for some time preparing to organize in every district and by counting the votes and at the same time searching the voters as to see where work can be done to the greatest advantage Never before has such a complete campaign been laid out.

The Richmond papers unite in laughing at Gen Rosecrans The *Enquirer* calls his production a gushing declaration, and says "Such things may do in the peaceful atmosphere of White Sulphur but not in the stern contests of the political arena The *Whig* says it has not been silly enough to anticipate any great good from the correspondence One of the President's papers here has quite a thrust at Rosecrans and some of the leading Democrats are very bitter in their denunciation of what they now call his stupidity

United States Senator P G Van Winkle of West Virginia, addressed the Grant Club at Parkersburg in that State on the 2nd inst. He disclaimed any intention to apologize for or explain or excuse any official act or his respecting [illegible] He had been, he asserted, surprised at the prevalence of a rumor that he had [illegible] party which would best be answered by his appearance on that occasion as a speaker before a Grant Club His remarks were devoted to the questions of reconstruction and finance

The New York Sun says the famous Pendleton men carried out their views of political truth with a vengeance While at Masonic Hall New York they drank a large amount of whisky but when the time for leaving came their exchequer was exhausted and the bill was never paid Over five hundred dollars remains due One of the proprietors of the Masonic Hall saw after Mr Pendleton with a sharp stick expecting that he will foot the bill It is certainly hard on that particular proprietor who was a most ardent Pendleton and during the convention labelled himself with a Pendleton badge

NEW REMEDIES, NEW REMEDIES

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco Established in 1854, for the treatment of Sexual and Seminal Diseases such as Gonorrhea Gleet Stricture Syphilis in all its forms Seminal Weakness Impotency etc Skin Diseases of years standing and Ulcerated Legs successfully treated

Horrible Diseases

How many thousands of persons both male and female are there who suffer from an irritable existence from the effects of indulgence or from virus absorbed into the system Look at their pallid emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life In this horrid situation thousands suffer until death closes the scene Let parents, guardians friends attend to those who are suffering with any of these terrible destroying maladies—see that they are cured before it be too late Send them immediately to Doctor Gibbon a physician who has made private disease his special study for years and who is certain to cure the most inveterate case without mercury or any injurious drugs It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

Seminal Weakness

Seminal Emissions the consequence of self abuse This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures viz Sallow countenance dark spots under the eyes, pain in the head, ringing in the ears noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision blunted intellect loss of confidence diffidence in approaching strangers a dislike to form new acquaintances, a disposition to shun society loss of memory, hectic flushes pimples and various eruptions about the face, furred tongue fetid breath coughs consumption night sweats monomania and frequently insanity If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by either of the San Francisco quacks

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief

DOCTOR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case symptoms length of time the disease has continued and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use for Ten Dollars sent in registered letter or through Wells Fargo & Co

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who with bogus diplomas certificates dupe the unwary Some of the self styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades Some are journeymen shoemakers newspaper carriers intelligence office keepers &c Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it Look at the Directory for 1862 and 1863 The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for as advertising physicians in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are Dr Gibbon does not deceive people by exhibiting bogus letters certificates pretended patient's letters etc Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure

Address DR J F GIBBON 616 Kearney street, corner Commercial San Francisco Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER
